ORDER:

In the Government Orders first and second read above, orders were issued approving the list of certain models of light, Medium and Heavy operation vehicles for use in Government Departments based on the recommendations of the Technocrats Committee.

2) Recently, certain automobile companies have represented to the Government for inclusion of their vehicles in the approved list. The Government are also of the view that the existing list needs to be updated with a view to providing safe and maintenance free vehicles to the V.I.Ps., V.V.I.Ps., Officers, Departments, etc. The Transport Commissioner was, therefore, requested to place a comprehensive proposal for inclusion of new model vehicles and deletion of obsolete and old model vehicles before the Technocrats committee and obtain its views by taking into account fuel efficiency, safety, cost of maintenance, competitive price and availability on DGSD rates, availability of spare parts and network of service centres and all relevant factors. The Transport Commissioner was also requested to suggest types of vehicles that can be allotted to V.I.Ps., Senior Officers, Departments, etc. The Technocrats committee in its meeting held on 27/1/2004 and 7/12/2004 suggested inclusion of both DGSD and non-DGSD rated vehicles and also few changes in the grouping of officers and also recommended inclusion of new models and deletion of obsolete (existing) models. The Transport Commissioner has forwarded the reports of the Technocrats committee to Government for passing appropriate orders.

3) The Government have examined the recommendations of Technocrats committee and decided to accept the same.

- 4 -
